SAYS COMET BIBLICAL.

Preacher Claims Halcyon Age of Birth of Christ.

(BY DIRECT WIRE TO THE TIMES.)

WEBSTER (Iowa) May 8.—[Exclusive Dispatch.] That the Star of Bethlehem was not a mysterious, heavenly guide, but was only the comet which now bears the name of Halley, was the declaration made from his pulpit today by Rev. N. E. Spicer of the St. Paul's Universalist Church.

Spicer employed arithmetical computation in support of his contention that the comet was due to appear at the time the mysterious star guided the Wise Men to the birthplace of Christ.

Bible students generally agree, according to Rev. Spicer, that Christ was born four years before the time known as the year 1 A. D. Halley's comet is seen regularly at periods of from seventy-five to seventy-six years.

Figuring backward, the pastor said he found that the comet was due at the time of the birth of Jesus.

WASHINGTON, May 8.—[Exclusive Dispatch.] President Taft is as fit as a fiddle. Those who have feared that the President is over-trained should ask Dr. Barker.

That gentleman, who is Mr. Taft's physical conservator, will painfully reply that the President is in the pink of condition. Dr. Barker knows. He has the evidence with him. He is reluctant to talk about it, but several of his friends are in the secret.

When he got to a party a few nights ago the doctor looked sick. "Oh, nothing," he replied, when asked what was the matter. But it leaked out.

It seems that when President Taft got back Friday morning he had a seizure with Dr. Barker. As the hour of exercise wore on, the President got stronger. A wrestling bout was begun. Something happened. Dr. Barker is not sure how it took place.

CURIOSITY IS FATAL.

Fifteen Pay Penalty With Lives.

Baseball Spectators Crowd About Burning Powder Mill—Fifty Hurt.

Awful Explosion Flattens Half of Canadian Town to the Ground.

Everything Within Mile and Half Radius Is Torn and Shattered.

(ASSOCIATED PRESS NIGHT REPORT.)

OTTAWA (Ont.) May 8.—An explosion today wrecked the plant of the General Explosives Company of Canada, near Hull, Quebec, killing fifteen persons and injuring fifty others.

The force of the explosion was terrific. The country for miles around was laid waste and many small dwellings in the city of Hull, on the side nearest the scene of the explosion, were flattened to the ground.

A baseball game was in progress a short distance from the powder works about 5 p.m. The teams were playing the last inning and when a fire was seen in one of the small buildings of the powder plant, the crowd began to swarm up the hill to get a better view of the burning.

Warning of the danger came to the onlookers in two minor explosions soon after the fire got well under way. A shower of sparks and fragments of the wrecked building fell among the spectators and there was a scurrying out of what was considered the danger zone.

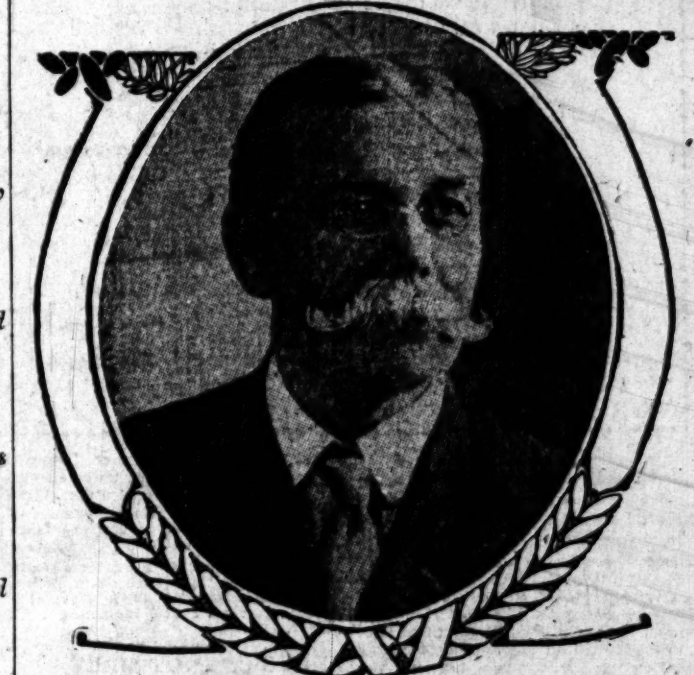

CROWD'S CURIOSITY FATAL. Some men in the crowd, aware of the possibility of the danger when the main magazine was reached, pleaded with the crowd to go still farther back and many of them heeded the warning. Others, apparently enjoying the element of danger in the spectacle, stood within 1000 yards of the burning buildings. They were kept on the qui vive by detonations that sent showers of burning brands in all directions.

The baseball game broke up and the rest of the spectators and players rushed up to join the crowd at the fire. It was then that the magazine exploded. There were two stunning detonations. Everything within a radius of a mile and a half was torn and shattered. Giant trees were snapped off close to the earth; barns and dwelling houses were converted into kindling wood and even in Ottawa, four miles from the scene, hundreds of plate glass windows were broken.

RESEMBLES BATTLEFIELD. The scene where the crowd from the baseball game stood resembled a battlefield. The dead and the wounded lay in all directions. The silence that followed the final explosion was broken by the cries and moans which came with a return of consciousness of the badly injured.

The terrific shock brought thousands of terror-stricken people into the streets of Hull. Some thought it was an earthquake, but others cried out that the comet had struck the earth. Hundreds of chimneys were toppled over and many others cracked. A whole window left in the northeastern section of the city.

SENATOR CHARGED WITH BIG COLORADO LAND GRAB.

Francis Emory Warren, United States Senator from Wyoming, against whom A. S. Connolly of Cheyenne files charges alleging the Warren Live Stock Company, of which the lawmaker is president, illegally fenced in 54,000 acres of the public domain. Matter was first investigated under former Secretary Hitchcock.

CHARGES WARREN WITH LAND GRAB.

Cheyenne Man Files Complaint Alleging Illegal Fencing of Huge Tract.

WASHINGTON, May 8.—[Exclusive Dispatch.] Sensational and detailed charges of fraud and deception against the United States government have been filed against United States Senator Francis E. Warren of Wyoming, by A. S. Connolly of Cheyenne, Wyoming, with the special joint Congressional Committee now investigating the Interior Department and the Forest Service.

With the charges are several exhibits consisting of copies of letters from former Secretary of the Interior Hitchcock, to former President Roosevelt, affidavits from government employees, special agents and ex-officials and maps and charts.

In the bill of particulars setting forth the charges, Connolly, who is also credited with being in the employ of several western railroads, states that the Warren live-stock company of which Senator Warren is the president, fenced in in Colorado 54,000 acres of public lands, which, under act of Congress in 1875, were to be awarded to Colorado upon the application of that State for school purposes.

Connolly states that Senator Warren fenced in these lands some time prior to 1906 and that in 1904 several complaints were made to the Secretary of the Interior, Ethan Allen Hitchcock.

According to a letter attested to have been written by Secretary Hitchcock, Mr. Hitchcock sent special Agent Forbes of the Interior Department, to make an investigation.

Special Agent Forbes reported that 14,000 acres of public lands in Colorado had been fenced in by the Warren Live Stock Company, of which Senator Warren is president.

TOMB AT WINDSOR.

Sepulchre for Body of Edward.

Obsequies Probably May Twentieth, Following Lying in State.

Memorial Service Conducted by Salvation Army in Front of Palace.

Truce Foreshadowed Between Lords and Commons as Result of Death.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, May 8.—The tomb of Edward VII will be beneath the Albert Memorial Chapel at Windsor, where the body of his eldest son, the Duke of Clarence, has a sepulchre. The obsequies probably will be held May 20. Before the funeral, it has been practically decided, the body of the King will lie in state in Westminster Abbey. Before being taken to Westminster the body will lie in state in the throne room at Buckingham Palace.

King Edward's casket will be fashioned out of oak grown in the royal forest at Windsor. It will be lowered first to the vault beneath the floor of St. George's Chapel, Windsor Castle. Afterward, when the permanent tomb has been prepared, it will be removed to Albert Memorial Chapel.

Queen Alexandra and King George conferred with various officers of the State and household concerning the funeral arrangements today, after holding service in the Royal Chapel at Buckingham Palace, which the King always attended when in residence there.

The date of the burial was tentatively fixed for May 20, although it may be May 18, the date on which Theodore Roosevelt is scheduled to deliver the Romanes lecture at Oxford University.

The members of the royal family, it is believed, would prefer there be no lying in state, but it was represented to them that the wishes of the people were so strongly for this that they were willing to waive their personal inclinations.

King Edward still lies in the bed where he died, clothed only in night clothes, with his hands crossed on his breast. Alexandra visits the chamber frequently, appearing greatly worn and tired. King George and Queen Mary spent most of the day with her. After the chapel, the family again looked upon the body for a few minutes.

IMPRESSIVE INCIDENT. An impressive incident this afternoon illustrated Queen Alexandra's desire to show consideration for British subjects of every class. Gen. Booth sent a message that the Salvation Army wished to show honor to King Edward by holding a service before the palace, and the Queen gave permission. At 4 o'clock a large band, wearing red jerseys and carrying silver instruments and banners with scarfs of crepe, pushed their way through the crowd to the palace enclosure. The big iron gates were opened and the band formed a circle under the windows.

First they knelt, while the leader prayed, and then they sang "Nearer, My God, to Thee," "Abide With Me," and "Angels Ever Bright and Fair." Finally they marched out, singing "Onward, Christian Soldiers."

TARIFF CRITICS MUST SING ANOTHER TUNE.

Expert Gives Figures Vindicating Administration's Revenue Measure. Increase Over Fifty-five Millions in Ten Months—And Expenses Shrink.

(BY DIRECT WIRE TO THE TIMES.)

CHICAGO, May 8.—[Exclusive Dispatch.] Slason Thompson, the widely known statistician and tariff expert, says it is about time critics of the Republican tariff law of 1909 met the facts, as represented in ten months results, face to face. The law went into effect on July 1, 1909, says Mr. Thompson, and the results under it as reported by the Treasury Department to May 3, 1910, compared with the corresponding period of the last fiscal year, are as follows:

Receipts	To May 3, 1910.	To May 3, 1909.
Customs	\$125,360,728	\$125,748,464
Internal revenue	\$21,438,242	\$24,386,380
Excise	\$1,100,000	\$1,100,000
Miscellaneous	\$1,100,000	\$1,100,000
Total	\$147,999,000	\$152,334,844
Excess of expenditures	\$1,100,000	\$1,100,000

"In ten months," continues Mr. Thompson, "the most maligned tariff bill ever passed by Congress has increased the revenues from customs \$27,639,272 and from internal revenue \$17,467,953, and wonderful to relate, during the same period the expenses of the government have shown a small but refreshing shrinkage of \$1,740,497. This is not much, but it is an earnest of what may be expected if the tariff administration realizes its opportunities under the present revenue system.

MANY LIVE VICTIMS BURIED UNDER DEBRIS.

(ASSOCIATED PRESS NIGHT REPORT.)

SAN JOSE (Costa Rica) May 8.—Up to noon today, 800 bodies had been taken from the ruins of the houses overthrown in the earthquake last Wednesday at Cartago. The estimate of the dead last evening placed the number at 1200, but it is possible this will be exceeded.

Large forces which have gone to Cartago from San Jose and other points are now engaged in the work of rescue, and even today several living persons were taken from under the piles of stones and timbers where dwellings once stood.

ON QUEST FOR A RARE BIRD.

Boston Millionaire Finances Expedition to Search for Spoon-bill Sandpiper.

(BY DIRECT WIRE TO THE TIMES.) BOSTON, May 8.—[Exclusive Dispatch.] A strange quest for the spoonbill sandpiper will soon be begun by a group of men backed by the wealth of John E. Thayer, one of Massachusetts' foremost ornithologists and millionaires. Mr. Thayer says: "The spoonbill sandpiper is one of the rarest birds known to ornithologists. There is no specimen in the Boston Museum of Natural History. Harvard's Agassiz Museum has but one. There are probably not a dozen specimens in the world. The nest and the eggs of the bird have never been found.

"The expedition, which will soon sail north, is to seek the haunts of this bird and bring back, if possible, nests, eggs and specimens."

CHURCHES CROWDED.
DAY OF EULOGY
FOR DEAD KING

Simple Services Held in Royal Chapel.

Vicar of Windsor Likens Edward to Moses.

Bishop Thanks America for Swift Sympathy.

(ASSOCIATED PRESS NIGHT REPORT.)

LONDON, May 8.—The services in all the churches throughout the United Kingdom today had special reference to the death of the King. The sermons all dealt with the nation's grief, and the music was such as is customary at funeral services. Immense crowds attempted to obtain entrance to St. Paul's and Westminster, but only a small fraction was admitted.

One of the most simple observances took place in the Chapel Royal in Buckingham Palace, where the royal family, with the members of the late King's household, worshipped. This morning, Queen Alexandra attended and King George V, with Queen Mary and the three young princes, all wearing deep mourning, drove over from Marlborough House, Prince of Wales, who has been her mother's constant companion, also was present.

Queen Alexandra requested the service be brief and simple, knowing that would have been the late King's preference. Canon Sheppard, sub-dean of the Chapel Royal, officiated. Two hymns only were sung, "The Resurrection Morn" and "Peace, Perfect Peace." Both were Queen Alexandra's selections. The organist played Tchaikovsky's funeral march before the service, and Chopin's funeral march at its conclusion, all standing toward the end.

The members of the new King's household, in full mourning, attended services at the royal chapel at Marlborough House.

LIKENS HIM TO MOSES.

At the Chapel Royal at St. James' Palace, the afternoon service was attended by many of the late King's personal friends. The Vicar of Windsor preached from Deuteronomy 41-44. He declared King Edward, like Moses, died just when he had led his people into the promised land, when he was most wanted and when he had the best and ripest experience to give.

The Bishop of London preached in the morning at St. Paul's. The congregation filled the great cathedral to its capacity.

The bishop spoke appreciatively of the American sympathy extended to the British people and read a cablegram he said had arrived with characteristic promptness from that country.

"Dearest sympathy for our brethren of the English church and nation; memorial service to be held in Trinity Church, New York."

The bishop commented on this, saying: "Such a message shows how strong are the ties that bind us to our great sister nation across the Atlantic."

The text taken by the bishop was First Timothy 6-11: "Which in his times he shall show, who is the king and only potentate, the king of kings and lord of lords."

In the course of his sermon, the bishop said: "The nation has received a sudden blow by which it is still stunned."

He paid a warm tribute to the late King as ruler, statesman and gentleman. Of the death chamber the bishop said:

"The quiet family gathering around the bedside, the prayer said by the Archbishop before the King died, the blessing pronounced when all was over in the hushed room—all was Christian there."

The very Rev. Joseph Armistead Robinson, dean of Westminster, preached from Deuteronomy 32-35.

Mr. Bourne, Roman Catholic Archbishop of Westminster, spoke of the King's courtesy to Catholics and of his desire to show equal regard for all his subjects.

Services were held in the Russian and Spanish chapels and were attended by the ambassadors and their staffs.

At the Scottish church at Gaelic memorial service was attended by a large gathering.

The Archbishop of Canterbury preached on the subject of King Edward before a great congregation in Westminster Abbey. The state officials, and tenantry of Sandringham attended the service here in a body. The new King Edward last occupied a bed filled with white lilies. King George sent a message to them, saying:

"My father, dear, loved his country and was always mindful of the welfare of all there. My feelings toward all will ever be the same as his."

William O'Brien, M.P. for Cork, addressing an "All for Ireland" meeting, at Bandon, paid a tribute to King Edward as being no more truly a peace-maker anywhere than in Ireland.

"For the first time possibly in an unhappy history of eight centuries," said Mr. O'Brien, "a meeting of Irishmen, who are Nationalists to the marrow in their bones, may begin proceedings by laying a tribute of respect and genuine sorrow upon the coffin of an English King."

"QUEEN MOTHER."

OLD TITLE IS REVIVED.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, May 8.—[Exclusive Dispatch.] It is reported that in future Queen Alexandra will choose to be known as the "Queen Mother," a title that has not been used in England since the days of Henrietta Maria, consort of Charles I.

The new Queen will be known as Queen Mary. This title is taken at the express wish of King Edward, who chose it some time ago. It was at first assumed she would be known by her full name of Victoria Mary, but this was thought too cumbersome and the shorter title adopted.

The dowry house of the Queen Mother will be Marlborough House. It was her first home in London, for she was brought there as a bride in 1863. In all probability she will spend a portion of each year in her native Denmark, at her summer residence on Klampenborg Bay, with her sister, the Dowager Empress of Russia. These sisters have always been deeply attached to each other.

KING GEORGE DIFFIDENT.

STRANGELY UNLIKE FATHER.

(BY DIRECT WIRE TO THE TIMES.)

TRUCE OF GOD.

A KING'S BEQUEST.

What darkness, deep as wintry gloom,
Overshadows joyous spring.
In vain the vernal orchards bloom,
Vainly the woodlands sing.
Round royal shroud
A mournful crowd
Is all now left of one but yesterday a king.
Thrones have there been of hateful fame
Reared upon wanton war;
He we have lost still linked his name with peace,
At home, afar
For peace he wrought,
His constant thought
Being how to shield his realm against strife's baleful star.
So let us, now, all seek to wrest
From fateful feuds release
And, mindful of his wise bequest,
From factious clamours cease,
Treading the path he trod,
The sacred truce of God,
The path that points and leads to patriotic peace.

LONDON, May 9, (Monday).—[Exclusive Dispatch.] The foregoing ode written by the poet Laureate, Alfred Austin, on the death of King Edward appears in the Standard this morning.

TOMB AT WINDSOR.

Continued from First Page.

Marlborough House were undiminished today. The streets tonight are filled with people, but few London buildings have mourning decorations. The draping of houses will be begun tomorrow.

All political discussion forebodes a truce in the struggle between the Commons and the Lords. The Bishop of Worcester, preaching in the cathedral, said patriotism and chivalry demanded that contentious questions be put aside by the statesmen of all parties for a year at least.

The House of Commons will meet Wednesday, when Speaker Lowther returns, to receive the address from the throne. Premier Asquith and A. J. Balfour, leader of the opposition, will Kenna, first Lord of the Admiralty, embarked today at Gibraltar on the cruiser Enchantress.

According to a circular issued from Marlborough House tonight, the designation of the new Queen will be Queen Mary. The role she will play at the new court has been the subject of considerable speculation.

NEW ORDER AT COURT.

As Prince and Princess of Wales, the new King and Queen lived such a life that it is difficult to form an opinion, but it is almost safe to assume the court will be far less brilliant than it was under King Edward.

The latter attached the fullest weight and dignity to the ceremonial of the royal office, and all State functions under his reign were invested with the pomp and magnificence he considered befitting the court of a great empire.

He attracted to his court a brilliant array of wealthy social figures, in which American heiresses married to English aristocracy played a prominent part.

It is quite certain that great changes will be seen in the constitution of the court circle. Queen Mary is credited with great strength of character, and is likely to exert far more influence on the court surroundings than did Queen Alexandra. She is deeply religious, and has a love for charitable work with the church, while King George, so far as is known, is more fond of country life and pursuits than of courtly pomp.

Hence there is a general belief that the new court will be of simpler and more austere type than that of the late King, whose heretofore exercised a paramount influence will be obliged to seek comparative retirement.

ROOSEVELT'S PLANS.

Nothing as yet has been received from Mr. Roosevelt with regard to his plans, but it is certain all public and semi-public entertainments will be canceled, and it is probable even private functions will be abandoned.

The Romanesque lecture may be delivered, but at a later date than originally fixed, as the funeral of the King will occur on or about that date.

The American Ambassador has cancelled all engagements, including private dinners. Mr. Reid today delivered to the Foreign Office cablegrams of sympathy and regret from a large number of public bodies and officials in the United States.

The court circular says that during the last moments of the King, the

ROOSEVELT WON'T BE GUEST

OF THE KAISER IN BERLIN.

(BY DIRECT WIRE TO THE TIMES.)

BERLIN, May 8.—[Exclusive Dispatch.] Col. Roosevelt will not be the guest of the Kaiser in Berlin. Tuesday morning Col. Roosevelt will go to the American Embassy and remain there, the guest of Ambassador Hill, until departing for London, five days later. This radical change in the ex-President's plans was made on his own initiative in view of the death of King Edward.

Col. Roosevelt's willingness to place himself entirely in the hands of the Kaiser left his Majesty free to withdraw from his intended hospitality and observe the strict dictates of the mourning which his royal uncle's death imposes upon him.

The Kaiser caused Ambassador Hill to be informed today that he thoroughly appreciated Mr. Roosevelt's tactful thoughtfulness and would avail himself of it.

The Kaiser will, of course, not go to Ambassador Hill's for dinner Wednesday evening, but he will attend Mr. Roosevelt's lecture at the University of Berlin on the following day.

Col. Roosevelt, his wife and Miss Roosevelt, on their arrival, will proceed direct to the American Embassy. After breakfasting at the Embassy the party will go in automobiles to Potsdam, where they will meet the Kaiser and his family. They will stay at lunch, which will be of a purely domestic nature.

Col. Roosevelt will have other opportunities for talks with the Kaiser,

Archbishop of Canterbury read special prayers and conducted a short service in the King's chamber, at which the Queen, the Prince and Princess of Wales, the Princess Royal, the Duke of Fife, Princess Victoria and Princess Louise were present. A supplementary service was held in the chapel at 10 o'clock, and after that half mourning until May 7, 1911.

SHOPS CANNOT MEET

CALLS FOR MOURNING.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, May 8.—[Exclusive Dispatch.] The great demand for mourning caught wholesale dry goods stores unawares. The very day before, as they opened by shopkeepers with orders they were unable to meet. Even the largest houses were caught with short supplies.

Almost all stocks of black neckties and even semi-mourning goods were soon sold out. In one well-known house there was a scrimmage, salesmen trampling discarded colored goods under their feet, while would-be purchasers almost fought for the little remaining stock.

Many manifestations of the people's sorrow were seen in the streets. A young woman on learning that the King was dead tore the bright-colored lining from her coat and crushed it into a tiny bag which she was carrying and with tears in her eyes went on unnoticed.

The storekeepers yesterday opened their shops as usual, but one by one the blinds were quickly lowered and the stores were closed. Many windows, leaving only black, many west and stores covered up all the windows.

Americans and foreigners will be the only people clad in color.

KING'S FAVORITE DOG

GRIEVES FOR MASTER.

(BY DIRECT WIRE TO THE TIMES.)

LONDON, May 8.—[Exclusive Dispatch.] One mourner of King Edward's death is his favorite dog, the rough-haired terrier, Caesar, which was the King's constant companion, going abroad with him as well as on shorter journeys. He is a singularly intelligent animal and his conduct since the death of his master leaves no doubt in any mind that he realizes perfectly what has happened.

He shared the King's room, wherever he was, and now goes about the palace looking for his master. He has attached himself to a member of the household, who, like himself, was a constant servant and dog of each other company in their grief.

Many stories are told of Caesar. At luncheon one day at Biarritz, when the King was receiving his usual bone from the King's hand, a guest at the table, who was very fond of the dog, should be getting familiar with the language of French dogs.

"I am afraid," said the King, "that he will be very badly hurt, in fact he is anything but a help to the entire cordial."

Receives Men Distinguished in Swedish Life.

(ASSOCIATED PRESS NIGHT REPORT.)

STOCKHOLM, May 8.—Former President Roosevelt shortened his program today even more than it had already been abbreviated by King Edward's death, because of a hoarseness from which he is suffering. A throat specialist visited the palace twice today and recommended that Col. Roosevelt stay indoors, as the weather was blustery and rainy.

Col. Roosevelt left his apartments only once. He took lunch with Charles H. Graves, the American Minister, at the legation and there met Sven Hedin, the explorer; Dr. Nordenfjeld, the Antarctic explorer; Admiral Palander, Prof. Arrhenius, who is connected with the Nobel Institute, and other scientific and literary people.

He intended to make a speech at the National Museum before the students and the massed singing societies, but a few moments before McCann died.

The electric light works were disabled and the city of Hull was left in darkness. This added to the confusion and the difficulty of locating the victims.

The Ottawa hospitals were crowded with injured and it was almost certain that some of these are so badly hurt that the list of fatalities will grow.

Friends of Mr. Vanderbilt do not remember that he ever before rented his place. It was said that until recently Mr. Vanderbilt had intended to spend his summer at Deepdale.

CURIOSITY FATAL.

(Continued From First Page.)

ated the true cause of the terrifying shocks.

Rideau Hall, the official home of Earl Grey, and the buildings on Parliament Hill caught the full force of the explosion, being two miles nearer the powder plant than is the main section of the city.

Every window in one side of Rideau Hall was blown out and two great stone chimneys toppled over on the roof of the building. The Parliament buildings were also badly damaged.

Rideau Hall is still occupied by Earl Grey and his family. The whole vice-regal establishment fled panic-stricken to the street. They were soon assured that there was no further danger.

SENDS TROOPS TO HELP.

As soon as Earl Grey learned the extent of the damage he ordered a detachment of troops sent across the river to help the authorities.

The building in which the main explosion occurred was built of solid stone, the walls being two feet thick. Fragments of stone weighing up to 1000 pounds were shot through the air for a quarter of a mile, shattering the frame buildings of workmen, which run to within an eighth of a mile of the factory.

In a home just north of the works, two husbands were killed while sitting at the supper table. John Blanchfield was sitting with his wife in the door of his home when a fragment of rock killed him but left his wife unharmed.

The head of a boy was cut clean off from his body.

Louis McCann, a laborer, was crushed by falling fragments. He was started for an Ottawa hospital in an automobile, but when it was seen that he was dying, the car was stopped in front of the Catholic Church.

There standing on the steps, a priest administered the last sacraments a few moments before McCann died.

The electric light works were disabled and the city of Hull was left in darkness. This added to the confusion and the difficulty of locating the victims.

The Ottawa hospitals were crowded with injured and it was almost certain that some of these are so badly hurt that the list of fatalities will grow.

PACIFIC SLOPE. Happenings Along the Coast.

The late Richard O'Neal, pioneer, aged 85 years, who died at his big ranch in San Diego county, yesterday. Child on his knee is a grandson.

QUICKLY CLOSED IS LONG LIFE.
WORKS HER WAY TO GRAVESIDE.
 TAKES SISTER EIGHT YEARS TO CROSS CONTINENT.

Richard O'Neal, One of the Old-Time Residents, Expires at His Big Ranch in San Diego County, at the Age of Eighty-Five—Helped Many a Man on Life's Way.

SAN DIEGO, April 7.—Richard O'Neal, a pioneer and one of the best known of the old California residents, died tonight at the Santa Margarita Ranch. He was 85 years old. In early days he was prominent in San Francisco business life. He was stricken with apoplexy two days ago.

The funeral will be held at 1 o'clock tomorrow afternoon at the Santa Margarita Ranch. The remains will be sent to San Francisco for interment in Holy Cross cemetery.

But little is known of the early days of Richard O'Neal, save that they were passed in and around Boston, Mass. He was a native of Ireland. He came to California in 1849, during the gold excitement, and he took an active part in the business development of San Francisco. At different times he was connected with the operation of the Washington and California markets, which for years were considered the best there.

Early in the '70's he was interested in mining operations in the northern part of the State, and a little later in the development of the San Joaquin Valley. For a number years he was manager of a big ranch in Merced county. This was sold early in the '90's, after which he came to Southern California.

Mr. O'Neal's residence in San Diego county dates from 1882 or 1883 when he became an equal owner with the late James C. Flood of the famous Santa Margarita Ranch, whose south line is the San Luis Rey River, just above Oceanside, which extends into Orange county. The ranch has been devoted to the raising of cattle and to farming. It consists of 135,000 acres in San Diego county and 65,000 acres in Orange county. O'Neal originally bought the Santa Margarita Ranch from Marco and Juan Paster, sons and heirs of Don Juan Paster. The portion of the ranch in Orange county was bought from banking companies.

Five months ago Mr. O'Neal deeded an undivided half interest in the Santa Margarita Ranch to his son, Jerome O'Neal, in whom with C. Flood, Jr., son of the late C. Flood, Mr. O'Neal was so long associated, the title of the ranch now stands.

While devoted to his son, Jerome, his interest in the ranch, it is understood that the widow and other three children are well provided for with money and interested in other property.

It is understood that Mr. O'Neal had large property interests in San Francisco and Northern California, as well as in San Diego city and other parts of this county. He is said to have been many times a millionaire.

He was in San Diego county he took an active interest in politics, in the early days. In San Francisco he was one of the founders of the Hibernian Bank. He started many men in business with loans of money and credit which they might not have secured in other channels.

He leaves a widow and four children, viz.: Richard O'Neal, Jr., Jerome O'Neal, Mrs. J. J. Magarden and Mrs. J. J. McDade.

LAUNCH STRANDED IN FOG.
 Life-Savers Rescue Party of Dancers from Perilous Situation on the Oregon Coast.

NEWPORT (Or.) May 8.—[Exclusive Dispatch.] Returning at 2 o'clock this morning from Toledo with twenty-two young people who had been attending a dance, the steam launch Truant ran aground in a fog on South Spit in Yaquina Bay.

Only a light sea was rolling at first, but after a time, the waves began to rise and threatened to break over the ship. The passengers became alarmed, and it was with great difficulty that a panic among the young women was avoided.

The noise of the launch's exhaust finally attracted the government life-saving crew, stationed here, and a boat put out to the rescue. The passengers from the launch were landed in safety, two trips being made by the life savers before all of the imperiled young people were saved.

THE LAST RITES. SIMPLE SERVICE OVER ADMIRAL.

ADMIRERS OF BRAVE OFFICER CROWD THE CHURCH.

Body of Bowman Henry McCalla Will Be Brought to Los Angeles from Santa Barbara Today and After Being Cremated the Ashes Will Be Shipped to Washington.

[BY DIRECT WIRE TO THE TIMES.]
 SANTA BARBARA, May 8.—[Exclusive Dispatch.] The funeral of Rear-Admiral Bowman Henry McCalla was held this afternoon at the Trinity Episcopal Church. Rev. Benjamin J. Davis, assisted by Chaplain James K. Lewis, U.S.N., retired, conducted the ceremony. The casket was draped in the flag he had so gloriously defended and upon it were his sword and epaulettes. The service consisted of the simple ritual and the choir sang "Lead, Kindly Light" and "Nearer, My God, to Thee."

The pallbearers were Stewart Edwards White, Herman H. Eddy, Edward A. Edwards, Dr. A. B. Dorcas, Francis T. Underhill, Dr. W. H. Flint, Ferdinand Lundgren, Capt. E. Pryor Mitchell, U.S.A.

The funeral was public and the church was filled with friends and admirers of the great officer. The local camp of the Grand Army attended in full uniform. All over the city flags are at half-mast and the entire population feels that it has lost its most prominent citizen and one who was ever ready to lend his name or energy for his city, State or country's good.

Tomorrow Mrs. McCalla and Lieutenant-Commander and Mrs. D. W. Knox will accompany the body to Los Angeles where it will be cremated. The ashes will be taken to Washington and placed in a vault at Arlington cemetery.

PROFESSORS CAUGHT POACHING.

Nocturnal Feast of Strawberries and Cream May Cost Them Their Jobs at University Farm.

[BY DIRECT WIRE TO THE TIMES.]
 YAVIS, May 8.—[Exclusive Dispatch.] Two professors of the University Farm near this place may lose their positions on account of their fondness for strawberries and milk.

The nightwatchman in making his rounds, was surprised to find three men in the dining hall, and after satisfying himself that the persons were helping themselves to the luscious berries and sweet cream products of the farm, arrested the men.

To his surprise he found that two of them are professors in the university farm College and the third man is the principal of one of the leading grammar schools of Yolo county.

The men were taken before the head of the college, who notified the regents of the university of the case. It is reported that the professors will lose their positions. The trustees of the grammar school, of which one of the men is the principal, have not decided what action they will take in the case.

TROUBLE OVER WAGE SCALE.

Stockton Carpenters Demand Increase and Contractors Decline Such Is Prohibitive.

[BY DIRECT WIRE TO THE TIMES.]
 STOCKTON, May 8.—[Exclusive Dispatch.] Considerable trouble is anticipated over the proposed increase in wages demanded by the carpenters of stockton, to go into effect July 5. For some weeks there has been talk about an increased schedule, but the carpenters denied they intended asking for more wages. They have become uneasy since official notices to the contractors in hopes that their demands would be granted without the matter being made public, but there was so much opposition to the advance that contractors set up a howl.

The union wants 60 cents per hour, or \$4.80 for an eight-hour day, as the minimum wage. The contractors assert the rules of the Building Trades Council make it imperative that ninety days' notice be given of any proposed increase in the schedule and the indications are that there will be a hot contest. Contractors assert that the increase will be prohibitive, as other trades affiliated with the Building Trades Council have been asked for no more than a 10-cent advance.

The carpenters deny that there is any more alive along these lines.

TO IRRIGATE RICH LANDS.

More Money Needed for Preliminary Work of Vast California Project.

[BY DIRECT WIRE TO THE TIMES.]
 STOCKTON, May 8.—[Exclusive Dispatch.] The final steps to place 71,000 acres of rich land in the southeastern part of the country under irrigation, will be taken up next Thursday when a special bond election will be held to give the directors authority to issue paper in the amount of \$25,000 to pay the engineers' expenses and the preliminary costs of the first work.

The project is to build a canal to divert water from the Sacramento river into the irrigation districts on the coast and the affairs connected with it have been handled in such a manner that all interested parties have been cleared up. It is now necessary to have more money than was at first estimated.

The most important feature connected with the expenditure of the \$25,000 is the construction of a dam on the Stanislaus River to give a portion of the water the service of a head. A delay in this particular work would result in no irrigation for one year and a heavy loss of some landowners who have been counting upon water in the ditches already constructed. The directors believe the issue will be carried.

THREE FATALITIES IN PHOENIX.

Two Elderly Men and a Child Victims of Sudden Death—Latter Ate Poison Pills.

[ASSOCIATED PRESS NIGHT REPORT.]
 PHOENIX (Ariz.) May 8.—The body of an unknown dead man, well advanced in years, was found in the Maricopa brigantine canal, four miles east of Phoenix, today, and alongside it the dead body of a big bull snake. As the latter is not poisonous, probably its presence was only coincidental.

The body of another man of advanced years, a cook named Riley, was found late this afternoon in the Phoenix stock yards, of Santa Fe Railroad. His death was from natural causes.

A little Indian girl of Mesa City died today as a result from eating pills containing strychnine, thinking them candy. Her parents are educated Indians, employed by the Mesa City Free Press. They had just moved into a home recently vacated by another family. The child found the pills, ate some and then brought them to her mother, who tasted and found them sweet, decided they were candy and told the child to eat the rest of them. She probably already had taken a fatal dose when she came to her mother.

CHILDREN NOT LEGITIMATE.

Court Holds Issue of Contract Slave Marriages Before Civil War Cannot Inherit.

[ASSOCIATED PRESS NIGHT REPORT.]
 SAN FRANCISCO, May 8.—According to a majority decision of the State Supreme Court, rendered yesterday, children born of contract marriages of slaves before the Civil War are not legitimate.

The opinion was given in the case of Mary Jane Stephens, an aged negroess, who was sued by her children for an accounting of an estate valued at \$100,000, left to her by her father, Basil Campbell.

Justice Linden Shaw wrote a dissenting opinion, in which he said: "I cannot allow a doctrine which I deem so repugnant to humanity to receive even the slightest sanction of my acquiescence without a protest."

DRIVES MULES IN A DREAM.

Falls Out of Window When He Attempts to Whip the Animals.

[BY DIRECT WIRE TO THE TIMES.]
 NEVADA CITY, May 8.—[Exclusive Dispatch.] Judson Dunlap, an employe of the Marsh sawmill near this city, is confined to his room with injuries received while walking in his sleep.

Dunlap had a dream about driving a team of mules. To him the dream animals were very slow, and he wanted to coach them a little. Consequently he reached out of a second-story window to strike the mules and lost his balance. He woke up—but too late. Dr. Sawyer had to be summoned to treat the young man's wounds.

SUICIDE IN HOTEL ROOM.

Man Registered from Arizona Writes a Strange Note and Then Shoots Himself.

[BY DIRECT WIRE TO THE TIMES.]
 SAN FRANCISCO, May 8.—[Exclusive Dispatch.] "Life is a promissory note due one day after death, and which we must all pay on demand. I have been a failure. God forgive a fool. Good-by."

After writing this note, C. Arnel, a well-dressed man about 32 years old, this morning paid the promissory note in full, ending his life with a revolver in a room in a hotel on Third street. No one heard the shot and the suicide was not discovered until the a self-cooling fan, which he had opened the door and discovered the body on the floor.

No mark of identification could be found on the clothing of the dead man, but the name on the register is believed to be correct.

Arnel registered on May 4 from Tucson, Ariz., and nothing in his conduct indicated despondency.

MRS. COYNE HAS DECREE.

MRS. McKIM FILES SUIT.

[BY DIRECT WIRE TO THE TIMES.]
 RENO, May 8.—[Exclusive Dispatch.] Having secured her divorce from her elderly husband, the New York ex-jurist and race-track plunger, Mrs. Mary Gattin Coyne has departed for San Francisco to spend a few days with Mrs. McKim, who left Reno the day her suit was filed last week, and who is expected to return to testify to her complaint within the next ten days.

Mrs. Coyne will start for New York to sail for Europe the latter part of the month on an extended continental trip to last until fall. It is understood that she and Mrs. McKim have planned their return to the scenes of their former social activities so that they will go East together as soon as the latter is enabled also to take her decree in her trunk.

DRINKS FOR HIS NERVES

You Who Never Touch Liquor Cannot Understand a Strange Nervousness in Some People Which Nothing Else Will Alleviate.

Nine-tenths of all those who drink liquor would gladly stop if their nerves would allow them to. Very few men like liquor, and yet fewer drink it because they are naturally vicious. That is why men keep on drinking when they know just as well as you do that it is ruining their mental, physical and financial health. They simply CAN'T STOP.

The condition of nervousness is due to accumulated alcoholic poison in their systems. Before they can or will stop drinking liquor every trace of this poison must be driven out. The Gatlin treatment is the only one in the world that will eliminate this poison; other methods of treatment will not because EFFECTS are treated instead of CAUSE. The Gatlin does away with the CAUSE and with it an craving, desire, nervousness and all other effects of alcoholic poisoning. But THREE DAYS' TIME is required to cure any case by either Institute or Home treatment.

Come to the Gatlin Institute for three days and you will return home with no more desire for liquor than you had the day you took your first drink. You will be treated under a legally binding contract. The fee for the cure or the full fee paid shall be refunded on leaving the Institute. You judge the cure—not the Gatlin Institute's management.

Call or write for books giving full particulars and copies of contracts. Institute located at 1125 S. Grand avenue, Los Angeles. Telephone Broadway 1377. Home F1022.

Don't "Nag" a Man Because He Drinks

It Only Makes His Nerves Demand More Liquor

IT IS quite easy for a milk-and-water man who will never create any great "STIR" in the world to behave well; but it ISN'T easy for the nervous, excitable, energetic, ambitious man who wants to DO THINGS. His brain is ALWAYS WORKING—he is out in the world meeting people—he is trying to keep right in the CENTER of the path that leads to SUCCESS.

But he generally overdoes it. There is JUST ONE pitfall in the path that the very impetus of his energy carries him into; just ONE DEADLY ENEMY of success that his nervous ambition makes him an EASY VICTIM for—that is DRINK. Add with drink, success, business achievement and judgment receive a DEATH-BLOW.

Alcohol weakens the brain and the body—thereby, physically and mentally unfitting the drinker for good business, and, unless he can stop drinking it, the end is FAILURE.

Come to the Gatlin Institute. In THREE DAYS you can go back to your business and to SUCCESS with no more craving or desire for liquor than if you had never tasted it. It will renew you in mind and body—it will make the kind of a business man of you that you would be if it were not for liquor. There are NO hypodermic injections or other disagreeable features, and you will be treated under a legal contract to cure in THREE DAYS—if you are not satisfied with the cure and with the treatment the full fee paid will be refunded when you are leaving the Institute. Seven thousand cases have been treated at the Gatlin Institute in the past ten years with failure to cure in NO case. The Gatlin is now recognized as the National treatment for liquor drinking.

COME TODAY, and in three days you will know what it is to feel again as you felt before your nervous system began to demand liquor. If you cannot come to the Institute, send for the Gatlin Home treatment.

Call or write for particulars. Institute located at 1125 South Grand avenue, Los Angeles, Cal. Telephone Broadway 1377. Home F1022.

COMET GAZER QUENCHES FIRE.

Gets Up Early at Long Beach to See
Halley's Star and Finds a
Church Ablaze.
LONG BEACH, May 8.—Walter Wil-
son got up early this morning to see
Halley's comet, and to that action is
due the fact that a fire at the East
African Methodist Church, started by
an incendiary, was put out before it
could do much damage.

Wilson lives at Tenth street and
Myrtle avenue. He arose shortly be-
fore 4 o'clock, had a look at the great-
tailed one and was about to re-
enter his house when he observed
smoke coming from the church. He
rushed over and found the steps and
porch blazing. He quickly subdued the
flames and in doing so found some oil-
saturated rags.

FITTING.
HOLD MEMORIAL
FOR LATE KING.

MANY ATTEND SPECIAL SERVICE
AT PRO-CATHEDRAL.
Dean McCormack Delivers a
Touching Eulogy on Life of the
Dead Ruler and Declares America
Should Take Some Action to Show
Sorrow for England's Loss.

Nearly 1000 persons attended the
special memorial services which were
held last evening in St. Paul's Pro-Cath-
edral in memory of the late King Ed-
ward. Rev. William McCormack,
Dean of the Pro-Cathedral, conducted
the services.

For his text, Rev. McCormack took
"Blessed are the peacemakers."
"King Edward was one of the great-
est peacemakers the world has ever
produced," he said. "Not only was
he a great man in this respect, but in
many others. I consider him a man
of two great characters; one, the
peacemaker, and the other, the man
who holds his duty above all else.

Take his dying words, 'Well, I guess
this is the end, but I think I have done
my duty.' The average Englishman
holds a duty sacred and King Edward
was every inch an Englishman.

"It is particularly fitting that the
American people should do something
in memory of him. England is our
closest neighbor. We are practically
one and the same people. Many of
our interests are in common. We
speak one language, have one God and
one Bible. Our forefathers were Eng-
lishmen, and many of our great men
of today are native-born Englishmen.

Blood is thicker than water, and we
should do something to show our sor-
row for England's loss," he said.
Rev. McCormack expressed his sor-
row that Bishop Johnson was out of
the city and unable to be present at
the memorial services. He also spoke
of the memorial services which were
held at the Pro-Cathedral when Queen
Victoria died, and compared the char-
acter of the late King with that of his
royal mother, saying that both had
many traits in common.

Special music was rendered by the
choir. The funeral march, "Oh, Para-
dise," and a number of other fitting
selections were rendered.

NEW PLAN FOR MILWAUKEE.
Mayor Will Recommend Professional
Unit System.

[ASSOCIATED PRESS DAY REPORT.]
MILWAUKEE (Wis.) May 8.—[Ex-
clusive Dispatch.] The city of Milwa-
ukee will be in a position to save \$500-
000 a year if an adequate cost unit for
contracts and other municipal expendi-
tures can be substituted for the present
haphazard way of doing business.

This is the gist of opinions expressed
by university professors and other
economists. In a conference with the
Socialist Alderman, Victor L. Berger,
at Madison.

Berger returned today with many
new ideas on municipal management.
He will introduce a resolution at the
next meeting providing for the em-
ployment of a professional economist
to make a study of the various depart-
ments of the city and devise an up-to-
date system of municipal expendi-
tures.

"The secret of the success of the
trusts in a large measure lies in their
system of keeping account of the cost
of their business," said Berger. "Why
shouldn't the city, which has so much
buying to do, also have a system
whereby its officials may know just
how much everything it uses will cost."

Some idea of the speed that the ma-
chine was making at the time of the
accident may be judged by the extent
of the damage that resulted. One of
the back tires was completely torn off
the wheel, the wind shield was broken,
the fender was torn off and the top
was demolished.

Residents of the neighborhood rushed
to the assistance of the victims of the
accident, and after arrangements had
been made for them to continue their
journey to the Gibson residence on
South Union avenue, the damaged ma-
chine was turned over to the care of
J. H. Pinkerton, proprietor of the
South Union garage on Mission
Road near Fair Oaks avenue.

Mrs. Gibson declared the machine
was entirely due to the condition of
the highway, which she says is simply
wretched and a disgrace to the city
and county.

Many complaints have been made of
this section of road.

EAGLES HAVE DAY OF PLAY.

They Fly High at Picnic in
Seal Park.

Popular Woman Contest Is of
Much Interest.

Prolonged Thirst Is Given
Shady Optic.

Flying higher than the bird whose
name they have adopted, more than
2000 members of the Fraternal Order
of Eagles held a picnic at Seal Park,
on the Long Beach line, yesterday, and
soared to a record mark of enjoy-
ment. The celebration was given un-
der the auspices of Los Angeles Aerie
No. 182, which selected an executive
committee that insured holiday bliss
for all of the flutterers whose habits
are said to be somewhat similar to
those of our national bird.

A feature of the entertainment was
the excellent order maintained and the
perfect harmony in which all members
and guests of the big fraternal order
enjoyed their amusements. Although
the picnic lasted from 10 o'clock in the
morning until some time after the
sun had gone to bed, the 2000 persons
who crowded the park made the day
one of continuous merriment and
mixed in contents of field and café
without experiencing any jarring fea-
tures.

Long before the day was finished
refreshment concession managers on
the grounds found that they had not
done the capacity of the Eagles ju-
stice. They were forced to send out
emergency calls while increased enthu-
siasts chafed during the temporary
dropt.

About 700 persons cheered the con-
testants in the dancing pavilion who
struggled for a prize and the title of
"Most Graceful Dancer." George Da-
ley and his partner performed with gen-
erous ease and with such a dreamy, hy-
pnotic manner that several persons
yawned in sympathy and "passed
out," giving an impression of the
late lamented Rip Van Winkle.

FAT MAN GOES SOME.
Patrolman O. L. Gilpin, a long shot
in the fat men's race, performed in
that contest in such a way as to ex-
cite comment. His running was much
like that which killed the racing game
in the West, for he did trial heats with
the speed of a short-winged elephant
and then fooled the sporting public by
cantering under the tape with the
grace and agility of a Danubio Pietro.

Detective James McNamara did drol
duty as a sleuth and was watched
as carefully as he ever shadowed des-
perate malefactor. The quiver was
watched by his younger brother, who
showed signs of desiring to absorb a
tail, foamy beer. His design was
foiled by the elder, who has won no-
toriety in recent years as an abstem-
ious man.

When young brother George lost him-
self in the crowd and joined the jolly
foes of thirst, he would edge up to a
barrel and heave a sigh of relief as
he waited for a much-desired bumper.
Alas, brother James always arrived
at the crucial moment and glared so
fiercely at him that his thirst van-
ished. He is still uncontaminated by
liquor, although he is nearly 30 years
old.

Mrs. W. E. Hutchinson, wife of the
president of the Executive Committee,
won the prize for the most popular
woman of Eagleland, with 11,950 votes.
Her closest competitor was Mrs. Jes-
sie R. Shaffer, wife of a star of the
Printing Committee, who polled about
6500 votes. This exciting contest early
developed into an elimination event
and toward the end, the two who
finished "straight and place" were in
a class by themselves.

WOMEN ARE CAUTIONED.
The Law and Order Committee won
praise for the way in which it pro-
hibited the guests from undressing
in the grounds. The committee also
cautioned the trapper members of the
crowd against over-enthusiasm, as
represented by too copious libations of
the which makes weak men strong—in
the voice.

"Soaking the nigger" proved a popu-
lar game and brought much money in
to the lodge coffers. The jolly cho-
colate party who allowed the public to
heave base balls at his head at the
beginning of the contest, who were
in grave danger early in the day.
He dodged innohuts, out-drops, spit
balls, fast drops, and comet heaves
with some trepidation. Later in the
day his danger decreased as the
empty refreshment barrels increased.
At a late hour there were dozens heav-
ing missiles at him, all working to-
gether, but he was able to dodge and
chew tobacco, secure in the
wildness of the marksmen. One young
woman walked up to within ten paces
of him and hurled ten balls at his
ebony head. The best she did was to
sprain her wrist.

President W. E. Hutchinson and
vice-president Charles E. Rice ap-
peared to every place at once. They
shook hands with a couple of thousand
welcomed the others with enthusiasm
thous. Acting Mayor Kelly has is-
sued a proclamation in which he
calls upon the citizens of San Francisco
to aid in the relief of the sufferers in
the recent catastrophe in Costa Rica.

San Francisco Asked to Aid.
SAN FRANCISCO, May 8.—In re-
sponse to a suggestion received in a

of the Bureau of Southern American
Republics, Acting Mayor Kelly has is-
sued a proclamation in which he
calls upon the citizens of San Francisco
to aid in the relief of the sufferers in
the recent catastrophe in Costa Rica.

CHARGED WITH MURDER.
ATLANTA (Ga.) May 8.—(Exclusive Dispatch.) Charged with the murder of William Holland, with whose wife he had long been in love, David R. Phillips, a prominent Atlantan, is under arrest at the Police Station, and with him is the woman. The detective's evidence is that Phillips shot Holland to death because knowledge had just come to him that Holland knew of his relations with his wife and that to protect his own life he had to kill. Two other men are locked up in connection with the same crime.

CANCER

There is a time in all cases of Cancer when the disease can be removed, and the patient permanently cured. There will also come a time in all untreated cases when the disease has advanced beyond hope of cure by any known treatment. DEATH, slow, painful and certain will surely follow. Delay in having Cancer treated is virtually suicide. ACT AT ONCE. Write today. Statistics show that one man in eleven, and one woman in eight over 35 will die of Cancer. Thousands have Cancer and delay until too late.

MAN OR CALE?

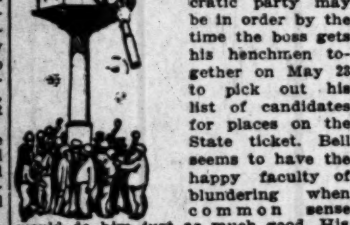

Charred Body Found in Ruins of
Burned Hay Warehouse—In-
quest to Be Held.

The charred trunk of what is supposed to have been the body of a man, was removed from the debris of the hay warehouse of Oscar Ford, at No. 690 South Anderson street, yesterday morning. Fire of unknown origin destroyed the building, at a loss of \$300, late Saturday night.

It was known that tramps frequently slept in the place and yesterday a careful search was made, and what is supposed to be the trunk of a man was found. That it might be the remains of a calf is the theory of some of the neighbors, who state that they heard an animal of that type bawling about the warehouse during the evening.

A suspender buckle, two or three pants buttons and a safety pin found near the corpse give the impression that it is the torso of a man. Head, arms and legs were burned off and only the trunk remained. Detective Hawley, who investigated, did not want to take any chances with the remains and ordered them removed to the police undertaking parlors, where an inquest will be held.

THE POLITICAL WATCH TOWER

An investigation of T. Dore Bell's sanctified State Executive Committee of the Democratic party may be in order by the time the boss gets his henchmen together on May 25 to pick out his list of candidates for places on the State ticket. Bell seems to have the happy faculty of blundering when common sense would do him just as much good. His recent orders that no man should be given a chance to become a candidate for any State office, unless he paid the sum of \$200 to said State committee, has aroused the ire of party workers all over the commonwealth. Bell is the only Democratic boss who ever had the nerve to demand money in this public manner for nomination to office. And with no chance of a Democrat being elected in California next fall, the faithful followers of the Jeffersonian fetish think \$200 is altogether too much of a hold-up.

There was talk among some of the delegates to the lately buried Democratic conference in this city, to the effect that money was being paid into the State committee which was not reported to the regularly elected treasurer of that august body, Louis H. Moore, of San Francisco. In fact, the matter was brought to Moore's attention, and he stated that he had never heard of any funds supposed to have been collected in this city for the State committee. He was informed that such was the case, and he declared his intention of seeking further light on the subject.

Under Bell's orders, no Democrat was to be named on the Democratic ticket unless Bell grants his gracious permission. This action of the "Cry Baby Boss" means that he is absolutely the only rider on the Democratic jackass, and he proposes to have things his way, no matter how much complaint may be made. T. Dore is in high good spirits, so word comes from the north, over the action of his State committee, all the members of which were named by him, in usurping the authority of the party in deciding who can and who cannot be on the Democratic ticket. Bell refused at the last moment to allow the State conference here to do this very thing, because he feared that he could not make the conference do his bidding in all matters.

He was scared out of his own convention. Now, with a handful of faithful henchmen about him, T. Dore is giving an exhibition of boss rule that is apt to make Boss Lissen turn green with jealousy.

The Watchman is in receipt of a letter from a San Franciscan who is "in the know," stating that Nathan Cole, Jr., is to be one of the bones of discussion at the May 23 conference. Bell gave his promise to W. L. Moore in this city that he would have the State Executive Committee force Cole off the Democratic National Committee if there is any possible way that it can be done. Assurances were given Moore by Bell that satisfactory action would be taken—meaning that it would be satisfactory to the men who are seeking Cole's political scalp. Bell was notified by letter early last week that he was expected to keep his promise in this case, and not have some plausible excuse for not keeping his agreement, as he had done in reference to nominating a ticket at the conference here. Besides, T. Dore was informed that Moore was not a good man to lie to—that Bell might not find it dangerous to play horse with Chairman Norton of the Los Angeles committee, but that he would find himself making in a cyclone if he fell down on his promise to W. L. Moore. My information is that Bell is to bring the Cole matter before his State Executive Committee May 22. Cole does not take Bell or his opposition seriously. The fact is that T. Dore has no standing with the big men in the Democratic party—they regard him with good-natured tolerance as a "good talker," i.e., one who may be made useful on occasions.

The Democratic county convention is to be held Saturday next in Blanche Hall for the purpose of naming a list of candidates for the county offices. The hour of 10 o'clock has been set for the official getting together. F. P. Firey of Pomona is proposed as chairman of the meeting.

The Democratic slate for judges of the Superior Court has been fixed. The unlikely trio consists of Calvert Wilson and Albert Leo Stephens of Los Angeles, and Stephen G. Long of Long Beach.

A straw vote taken on the Santa Fe train from San Bernardino yesterday gave Stanton 29, Curry 11, Johnson 4, Anderson 1, Bell 1.

THE WATCHMAN.
TO HOLD MEETING ON SHIP.
RICHMOND (Va.) May 8.—The Tobacco Association of the United States will hold its annual meeting this year on the board of the Atlantic Ocean. The tobaccoists will board a chartered ship at Norfolk, July 1, and set sail for New York. The business meetings are to be held on board during the evening and next day.

Compromise Tax Settlement.
LOUISVILLE (Ky.) May 8.—The Southern Pacific Railroad yesterday paid \$272,000 to the Treasurer of Jefferson county, a compromise settlement for back State and county taxes. Of this sum \$172,000 goes to the State and \$100,000 to the county. By the compromise the future assessment of the company is to be at \$3,000,000.

Wounded Man in Hospital in

Critical Condition.

(Associated Press Night Report.)

SEATTLE, May 8.—Luka A. Miley,

an architect, was shot in the head

by a bullet from a .38 Smith & Wesson

revolver, while he was walking in

company with his wife and six-year-old

son, Donald.

Morrison fell to the ground and

Miley grabbed the boy in his arms

and, taking him to a hospital, called

for a doctor. As soon as a policeman

arrived, Miley surrendered.

Miley and his wife separated two

years ago. He told the police that

today was the little boy's birthday

and he had started to buy Miley's

home to get the child. He said that

when he saw Morrison, he was

blamed for his domestic troubles, walk-

ing with Mrs. Miley and the little boy,

he lost control of himself.

Morrison was taken to a hospital.

His condition is critical. The child

was placed in the hands of the police

matron.

CONFESSES TO DYNAMITING.

Lad Keeps Secret Four Years, But Con-

fesses Prevalence at Last—Pays

Damages.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA (Wash.) May 8.—[Exclusive

Dispatch.] Jake Radmaker has con-

fessed he was one of a gang of boys

who attempted to dynamite the house

of John Kipper, a Peeli, four years ago.

There was bad blood between Kipper

and his neighbors, and the house

of violence had been made. One night

some exploded a quantity of dynamite

in Kipper's house, besides endangering

the lives of the occupants.

Kipper had Jake Radmaker and Tony

Gross arrested, but the boys were

released for lack of evidence. Con-

science bothered Jake Radmaker and

yesterday he signed a written confession

to the dynamiting of Kipper's house,

the amount asked by Kipper.

the Milwaukee Railroad—Additional

Facilities for Wheat Farmers.

(BY DIRECT WIRE TO THE TIMES.)

TACOMA, May 8.—[Exclusive Dis-

patch.] Approximately one hundred

miles of new railroad in Eastern

Washington were ordered by the

country of Grant, Douglas and Adams

counties, will be added to the track-

age of the Northern Pacific Railroad by

October 1. New facilities will thereby

be provided for the grain raisers of that

section.

The Milwaukee's intention to con-

struct a feeder line to the wheat-

growing districts of the counties

named was anticipated by the Northern

Pacific, which hastily completed sur-

veys of the two branch lines and began

work last fall, with orders to contrac-

tors to do things in a hurry.

One branch extends from Council

bluffs northward sixty miles, connecting

with the Central Washington branch, and

the other extends westward from

Riverside, crossing the Milwaukee's

main line near Warden.

WHITE RIBBON BATTLE.

Apostle of Temperance Will Make a Whirlwind Campaign for Pledge in Shops and Prisons.

William J. Murphy, the "apostle of temperance," will make a whirlwind campaign for one week, beginning today, to secure 1000 signers to the Murphy pledge. He will visit the shops of large corporations here, as well as the city prisons in his fight against liquor. He believes in heart-to-heart talks with men and visits them at their places of employment, so that he can speak to all on a common plane.
Among the places he will visit during the week are the Llewellyn Iron Works, Washington Iron Works, Southern Pacific Santa Fe and Lake railroad shops, Baker Iron Works, Pacific Electric shops and the city prisons.
The campaign will close Saturday. Mr. Murphy will be assisted by his son, Thomas Murphy.

WILD ENGINE STRIKES BABY.

Little Boy Seriously Hurt on Espee Tracks.

Mother Finds Her Loved One Apparently Dying.

Taken to Children's Hospital and May Live.

A rosy cheeked 2-year-old Italian boy eluded the vigilance of his mother long enough, yesterday afternoon, to ramble through the backyard of his home at San Fernando Road and Emeraldal street and seek a playground on the tracks of the Southern Pacific Railroad, which skirt the premises. A few minutes later an engine free of caboose or train of any kind, rushed down the highway of steel, struck the happy little fellow with crushing force, tossing him to one side of the rails, where he was later found battered and bruised and unconscious.

The victim was little Pierre Rinetti, the son of industrious natives of Sunny Italy. Pierre was the sunshine of the humble household, and though railroad trains frequently passed by the rude structure, neither father or mother dreamed that the baby boy would ever manage to find a way through the back fence into the danger zone. How he stole away about 3 o'clock yesterday afternoon is not clear. Only a few minutes before he was almost under his mother's feet in the house, and then he went laughing down the steps.

When Mrs. Rinetti missed her loved one, she hastily searched for him. She heard the noise of the passing engine and had taken a fleeting glance at the big puffing machine as it thundered by. Not finding Pierre immediately, a fear seized her heart and she hurried to the railroad.

Turning up the roadbed a short distance she came unexpectedly upon the inanimate form of her offspring, with blood covering his baby face and his hair already matted with it, and his little garments tattered and torn.

Then she saw him lying in the house and Dr. Harrison E. Stroud, of Avenue 26 and Huron street, was immediately sent for and promptly responded. He found that Pierre's right elbow had been badly fractured, the right side of his head severely lacerated, one of the ribs broken and an inch deep, and he was bleeding profusely from this wound. There was also blood oozing from the neck and chest. While awaiting the arrival of the ambulance from the Children's Hospital on Alpine street, Dr. Stroud put a splint on the broken arm and then accompanied the unconscious little sufferer to the hospital. His condition last night was precarious.

While it is not known whether any person saw the railroad engine strike the child, the fact that the engine did not stop led to the belief in the neighborhood that the man at the throttle did not see the youngster on the track, and that all probably Pierre crawled in front of the moving locomotive when it would have been impossible to have saved the child.

That the little fellow was not crushed beneath the ponderous frame or wheels of the engine is considered almost miraculous.

BRYAN JOLLIES FARMERS.

Form "Gymnasium of Nation and Nursery of Republic"—Criticism.

[ASSOCIATED PRESS NIGHT REPORT.]

ST. LOUIS, May 1.—W. J. Bryan was the only speaker at the closing session of the Farmers' Educational and Cooperative Society last night.

Taking for his subject "The Farmer in Business and Social Life," he called the farm "the gymnasium of the nation and the nursery of the republic."

Newspapers were criticized for opening the advertising columns to liquor advertisements. Mr. Bryan said that if they did not have so many liquor advertisements there would be more editorials on the liquor question on editorial pages.

Bryan charged the newspapers with having suppressed the facts concerning the last Illinois Senatorial contest, in which Senator Lorimer was the victor, until after grand jury indictments had been returned.
